He can was totally mistile to attend to the slightest duries required of me, so great was no debility. Having tried all remedies recommended and advertised for the care of my complaint, varied the springs which are so highly recommended, and taken the advice of Physicians without getting relief, I gave up althopse of ever enjoying good health again; in fact, my Physicians trankly told me they could be nothing for me.

At this time my sufferings were very great; all hopes of ever being made confertable had fled, and I gave myself up to suffer. Accidentally, in looking over a new-paper Instituded at indivertises went of Dr. Wood's Sarsaper ila and Wild Cheery Bitters, and outending it, I thought that I might probably obtain some trief, but thinking a care of my case was possible; & as a last hope I procured a bottle from your store and commenced taking it, and to my great pay, I at once found rebief. Being encouraged by its wonterful effects, I was induced to continue its use. After taking one bottle I was able to be out and attend to the duties required of me, sad feeling much letter than I had for months, or even years, I was now satisfied that I had at iast found a remody for my disease, and let assured, that by continuing its use I should be cured. Triumphant Success of Buchan's Hunga-rian Balsum of Life, the great English remedy for Colds, Coughs, Asthma and Consumption.

The most celebrated and infallible remedy for colds, coughs, asthma, or any form of Pul-monary consumption, is the Hungarian Baisam of Life, discovered by Dn.
